Objective

Passionate Full-Stack Developer with **2+ years** of experience and a strong focus on Front-End development using React.js. Skilled in building responsive and user-friendly web applications through freelance work, real-world projects, and teaching experience. Although studying Geography at Ain Shams University, I pursued programming through continuous self-learning and hands-on practice. Currently expanding my back-end skills using Node.js and APIs while aiming to create impactful digital experiences while continuously growing in the tech industry.

Experience

Front-End / Full-Stack Developer

January 2025 – Present

- Worked as a Front-End Developer on a major conference project, contributing to the website structure, UI design, and functionality.
- Developed freelance and personal projects to improve technical and creative development skills.
- Built responsive and interactive web applications using React.js and modern JavaScript.
- Implemented reusable components, routing, and dynamic data handling with clean and maintainable code.
- Focused on responsive design, performance optimization, and user experience across devices.
- Currently expanding back-end development skills using Node.js, MongoDB, and API integration.

Projects

Startup Workspace Website

- Developed a modern and responsive website for startup workspaces.
- Designed interactive sections and smooth user experiences across devices.
- Built using HTML, CSS, JavaScript, and React.js.

Shipping Companies Website

- Created a responsive multi-page website for shipping companies.
- Organized company services and information using modern layouts and navigation systems.
- Focused on responsive and user-friendly design.

Student Activity Project

- Designed and developed a web application for managing student activities and events.
- Built interactive sections for announcements and engagement content.
- Improved usability for desktop and mobile users.

E-Commerce Website

- Developed a modern e-commerce application using reusable React components.
- Implemented product listings, routing, and responsive layouts.
- Focused on clean UI and component-based architecture.

To-Do & Notes Website

- Built a task and notes management application using JavaScript.
- Implemented dynamic add, delete, and organization features using DOM manipulation.
- Designed a responsive and user-friendly productivity interface.

Portfolio Website

- Designed and developed a personal portfolio website to showcase projects and technical skills.
 - Focused on modern UI design and responsiveness.
-

Technical Skills

Front-End

- HTML5
- CSS3
- JavaScript (ES6+)
- React.js
- Responsive Web Design

Back-End

- Node.js
- MongoDB
- REST APIs
- API Integration

Tools & Platforms

- Git & GitHub
- Visual Studio Code
- Command Line

Concepts

- Component-Based Architecture
- Responsive Design
- Performance Optimization
- Clean UI Development

Other Tools

- Microsoft Word

- Microsoft Excel
 - PowerPoint
 - Canva
-

Education

Bachelor of Arts in Geography

Ain Shams University – Faculty of Arts
October 2022 – July 2026
Grade: Very Good (*No GPA System*)

Activities & Leadership

Front-End Learner — MSP Cairo

2024 – 2025

- Learned and applied front-end development technologies including HTML, CSS, JavaScript, and React.js through workshops and practical projects.
- Participated in collaborative team projects and improved real-world development skills.
- Awarded Best Member for outstanding performance and commitment.

Front-End Instructor — MSP Cairo & ThreeDos, Helwan University

2025 – 2026

- Teaching HTML, CSS, JavaScript, and React.js to students.
 - Mentoring students and reviewing projects to help them build real-world applications.
 - Explaining technical concepts in a simplified and practical way.
-

Courses & Certifications

- Front-End Development Diploma — Amit
- Back-End Development Path — In Progress
- Soft Skills Training — MSP Student Activity
- Best Member Certificate — MSP Cairo
